

Private Key Backup

CONFIRMATION CODE: C9D10E

Retain this PDF somewhere safe. It contains the keys necessary use your account's addresses without using Block.io's infrastructure.

Anyone with access to these keys can use your coins. BE CAREFUL! Block.io does not have access to the raw data you see here.

Address Types: P2WSH, P2WSH-over-P2SH, P2SH.

Example Sweep Script can be found at <https://github.com/Blockio/blockio-basic-multisig-sweep>.

The i in derivation paths: $0 \leq i < \text{number of addresses you've generated for the network}$.
